FOR IMMEDIATE RELEASE

U.S. Highway 101 Lane Closures Scheduled at Night for Pavement Work North of Ventura

At Least One Lane in Each Direction Will Be Open While Work is Underway

VENTURA — The California Department of Transportation (Caltrans) will close one northbound lane and one southbound lane of U.S. Highway 101 north of the city of Ventura on several nights this week and next week.

The closures are necessary for workers to grind and smooth pavement and replace concrete pavement in several locations near the Seacliff interchange and the Bates Road interchange.

At least one lane in each direction will remain open for traffic while the work is underway. No ramps will be closed.

One northbound lane is scheduled to be closed starting at 7 p.m. on Wednesday, May 3, and again at 7 p.m. on Thursday, May 4, near the Seacliff and Bates Road interchanges. The lane will open by 6 a.m. each morning.

One southbound lane is scheduled to be closed starting at 9 p.m. on Wednesday, May 3, and again at 9 p.m. on Thursday, May 4, near the Seacliff and Bates Road interchanges. The lane will open by 9 a.m. each morning.

Next week, from May 8 to 12, a northbound lane closure is scheduled at night just south of Bates Road. The closure will start at 7 p.m. on Monday through Thursday, and 8 p.m. on Friday, May 12. The lane will open by 6 a.m. each morning.

Caltrans reminds drivers to “Be Work Zone Alert” and “Slow for the Cone Zone.”
